Where allowances are shown you are responsible for all charges in excess the allowance in addition to the applicable copay. Allowances are paid only once during the benefit period and must be fully utilized at time of purchase. Premium progressives and premium anti-reflective designations are subject to annual review by EyeMed's Medical Director and are subject to change based on market conditions. Pricing is reflective of brands at the listed product level. All providers are not required to carry all brands at all levels. Benefits for Medically Necessary Contact Lenses are limited to conditions of aphakia, keratoconus or severe anisometropia. Benefits may not be combined with any discount, promotional offering, or other group benefit plans. The percentage discounts and flat dollar fixed pricing for certain lens options and retinal imaging are discount features, not insured benefits, and may be subject to change. You are responsible for paying the cost of such items directly to the provider. For out of network benefits you are responsible for paying the provider in full at the time of service and submitting a request for reimbursement.

Member benefits are just the beginning

Additional valuable savings for vision plan members

With a DeltaVision plan, we offer exclusive, members-only special offers on vision-related products and services that members can use above and beyond their vision benefit. It's one way we can help them keep their eyes healthy and save some cash too.

*These discounts are not insured benefits and are available from in-network providers only. *Average savings based on Amplifon Hearing Health Care average member savings data for 2022.*

Important to remember

Here are some tips to help you get the most out of your DeltaVision benefits:

- When the benefit includes an allowance, you are responsible for charges over that allowance in addition to the applicable copay.
- When you visit an in-network provider, you are responsible for your exam copay at the time of your visit and any applicable materials copay(s) at the time of your purchase.
- If you use an out-of-network provider, you must pay the full cost of the services provided at the time they are received. Submit your claim to DeltaVision within 12 months of the date of service for reimbursement. You will be reimbursed the lesser of the provider's charge or the amount shown.
- Exam and material frequencies will restart at the beginning of each calendar year.
